

Exploring the Features of the YESOUL G1 Elephant Electric Bike

The YESOUL G1 Elephant electric bike is a versatile and high-performance model designed for both commuting and leisure riding. Here are some of the features that make this bike stand out:

Immersive 32"HD Screen

YESOUL G1 Max offers an immersive fitness experience with a high-definition display. It has a 360° rotation function, which is convenient for you to achieve freehand training needs at different positions. Meanwhile, the screen with 0–42° visual angle and 0–300mm front-and-rear adjustment function meets the riding needs of users of different heights.

Silent Magnetic Resistance Bike with 100 Resistance Levels

Magnetic resistance and belt drive exercise bike allow worrying less about fitness equipment noise. The sports bike also features 100 manual resistance levels, enabling people of all fitness levels to cycle toward their fitness goals at their own

pace. It also can emergency braking, even with light aluminum ring flywheel, can also meet the demands of high strength movement, better experience than the heavy bulky iron flywheel.

Stable Frame Structure Design

Triangular stable structure body, with an “H” shaped base design, makes it more stable when riding even a Large Body Weight. The cycling bike frame is made of commercial steel and its body surface has an array of piano paint processes. Wear-resistant appearance and long service life.

Competition Seat with Lever Adjust

YESOUL G1 Plus exercise bike at-home fitness bike equipped with a competition-style seat to help align the body and amplify movement. The adjustable seat and easy-to-grip support handles allow for a smoother and more comfortable ride for different kinds of people.

SPD pedals with Toe Clip and Straps

The cages are specially designed for YESOUL Bikes, Convert Look Delta pedals to the SPD pedals with toe clips and cleats, allowing you to ride your YESOUL bike with sneakers.

APP Cast/Mirror function

You can cast the APP on the TV, enjoy the exercise with your favorite video or music, even the coach in the online classes.
